PIXL Maths App and PIXL Times Tables App

As a school we support our students by investing in PIXL resources. Below are 2 Apps that students can download on their SMART phones or tablets.

The login details for both Apps are the same and are given below.

Spending time on these Apps will make a big difference to your child's progress in Mathematics so please encourage them to use them.

| PIXL Maths App	PIXL Times Tables App
This App allows your child to practice topics within Mathematics that they are struggling on and get instant feedback. There is also a daily challenge they can try. Their teacher will be able to answer any questions they have about how to use the App.	This App is really straightforward to use and is focused on Times Table practice. If your child is struggling with their Times Tables or just wants access to some fun games to practice them this App is great.
