

Year 11 students have the following revision for science:

- A paper 1 past paper and mark scheme for biology, chemistry and physics for students to complete and assess their own understanding
- Revision guides that have the paper 1 topics clearly indicated in the contents page with all the notes plus review and practise questions for each topic
- Weekly homework tasks set by class teachers
- Access to BBC bitesize quizzes and tests
<https://www.bbc.com/bitesize/examspecs/z8r997h>
- Access to animations of the required practicals and videos to support revision
